We are pleased to inform you that you have been shortlisted for the **Short -Term Internship Program** conducted by **Technotran Solutions** in the domain of **Artificial Intelligence & Machine Learning,** commencing from **20th May 2026.**

Internship Overview:

This internship is designed to provide students with strong foundational and practical knowledge in Artificial Intelligence and Machine Learning concepts using Python programming. This internship focuses on building analytical thinking, problem-solving skills, and real-world application understanding.

Internship Outcomes:

During the internship, students will:

- Learn Python programming essentials required for AI & ML applications
- Understand core concepts of **Artificial Intelligence** and **Machine Learning**
- Work with data preprocessing, analysis, and visualization techniques
- Explore supervised and unsupervised learning algorithms
- Implement machine learning models using popular Python libraries such as NumPy, Pandas, Matplotlib, and Scikit-learn
- Gain hands-on experience through practical exercises, mini-projects, and case studies
- Understand the basics of model training, testing, and performance evaluation

This letter serves as an official confirmation of your Participation in the Internship Program. A Certificate of Completion will be awarded upon successful completion of all required activities.

We wish you the very best as you embark on this exciting learning with us!

Title: Offline Internship

STUDENT FEEDBACK REPORT

The II B. Tech II Semester Artificial Intelligence and Data Science student group comprises 166 students who completed the Offline Internship.

The following table shows an illustrative distribution of feedback responses. Counts vary by question, and each row totals the stated group strength. Replace these illustrative figures with actual survey results before official submission.

Question No.	Excellent	Very Good	Good	Satisfactory	Not Up to the Mark
Q1	112	39	11	4	0
Q2	108	42	12	4	0
Q3	105	45	12	4	0
Q4	110	40	12	4	0
Q5	114	37	11	4	0
Q6	107	43	12	4	0
Q7	111	40	11	4	0
Q8	103	47	12	4	0
Q9	109	41	12	4	0
Q10	116	35	11	4	0

Summary of Feedback

- The illustrative figures show generally positive responses, with most ratings in the Excellent and Very Good categories.
- Feedback can be reviewed to assess practical learning, guidance, and the relevance of internship activities.
- The final report should reflect the actual responses collected from students.

Action Taken

- The department will review student feedback and communicate relevant suggestions to the internship coordinators.
- Suggestions will be considered while planning future offline internship activities.

Concluding Remarks: Student feedback will support continuous improvement of offline internship activities and practical learning opportunities.
