Sub: - Provisional appointment of **Boards of Studies** members in the **College of Allied Health Sciences** – Department of Bachelor of Physiotherapy (BPT) - Approved – Orders Issued - Reg.

Ref: - Note approval from Vice Chancellor dated 11.04.2026

ORDER: -

I am directed by the Vice Chancellor of Annamacharya University to inform you that the following members are hereby appointed as members of the Board of Studies in the Department of Bachelor of Physiotherapy, College of Allied Health Sciences, with effect from 11.04.2026, for a term of three years, i.e., until the end of the academic year 2027–28.

The appointed members are:

SNo	Name of the member	Designation and Address	Role in BoS
1	Dr. O. Pavan Kesav	Assistant Professor School of Health Sciences Annamacharya University Rajampet, Andhra Pradesh	Chairman
2	Dr. P. Dwarakanatha Reddy	Professor Annamacharya College of Pharmacy (Autonomous), Rajampet Andhra Pradesh	Member
3	Dr. K. Madhavi	Principal College of Physiotherapy Sri Venkateswara Institute of Medical Sciences (SVIMS), Tirupati Andhra Pradesh	Subject Expert – Member
4	Dr. B. Yugandhar Reddy	Principal P. Rami Reddy Memorial College of Physiotherapy Kadapa, Andhra Pradesh	Subject Expert – Member
5	Dr. K. Sudharshan	Director Kasturi College of Physiotherapy Kasturi Group of Institutions Anantapur, Andhra Pradesh	Subject Expert – Member
6	Dr. P.V. Madhavi	Chief Physiotherapist Madhu Physiotherapy clinic Chittoor, Andhra Pradesh.	Subject Expert – Member

7	Dr. B. Rupesh Naik	Chief Physiotherapist Sri Sai Physiotherapy Clinic Kadiri, Andhra Pradesh.	Subject Expert - Member

2nd BoS Minutes of Meeting

The 2nd meeting of Board of Studies (BOS) for Bachelor of Physiotherapy is held on 02nd May, 2026 in Conference Room of Annamacharya University at 10:30 AM in the presence / absence of the following members of the board.

Members of Presence:

1. Dr. O Pavan Kesav, Assistant Professor- Chairperson
2. Dr. P Dwarakanadha Reddy, Professor – Member
3. Dr K Madhavi, Principal of College of Physiotherapy, SVIMS, Tirupati – Subject Expert
4. Dr. B Yugandhar Reddy – Principal of PRRM College of Physiotherapy – Subject Expert
5. Dr. K Sudharshan –Director, KCP, Ananthapuram– Subject Expert
6. Dr. P V Madhavi - Chief Physiotherapist- Chittor – Subject Expert
7. Dr. B Rupesh Naik - Chief Physiotherapist- Kadiri– Subject Expert

Member absent: Two.

Dr. O Pavan Kesav, Assistant Professor- Chairperson of the Boards of studies started the meeting by greeting the members and welcoming everyone to the Governing Body meeting.

The following agenda items were discussed and deliberated upon:

Dr. P Dwarakanadha Reddy

Dr. K. Madhavi

Dr. O. Pavan Kesav

Dr. P.V. Madhavi

Dr. B. Rupesh Naik

Item No. BoS/2025-26/BPT/1: Welcome and Introduction

At the outset, Dr O. Pavan Kesav, Assistant Professor, College of Allied Health Sciences introduced all the members of the Board of Studies and thanked them for accepting the invitation to the 2nd BoS meeting.

The Chairman has presented the Vision, Mission, Objectives, of the Bachelor of Physiotherapy. After the discussion the members resolved to approve the Vision, Mission and Objectives.

Item No. BoS/2025-26/BPT/2: Overview of BPT Program – Vision, Mission, and Objectives

Vision of the Department:

- To be a centre of excellence in physiotherapy education and practice.
- To produce competent, compassionate, and ethical physiotherapists.
- To contribute to the advancement of health care through evidence-based practice and research.

Mission of the Department:

- To provide high-quality education and hands-on training in physiotherapy.
- To develop clinical, academic, and research skills in students.
- To promote lifelong learning and professional development.
- To encourage students to be creative and take charge in the field of physiotherapy.

Objectives

5. To provide students with a strong foundation in the basic medical sciences such as anatomy, physiology, and biochemistry relevant to physiotherapy practice.
6. To develop an understanding of the fundamental principles and scope of physiotherapy as a healthcare profession.
7. To introduce students to the basics of patient care, communication skills, and professional ethics necessary for effective healthcare delivery.
8. To prepare students for advanced physiotherapy concepts and clinical practices in subsequent years.

RESOLUTION: The members reviewed and unanimously approved the Vision, Mission, and Objectives of the BPT program.

Dr. P Dwarakanadha Reddy

Dr. K. Madhavi

Dr. O. Pavan Kesav

Dr. P.V. Madhavi

Dr. B. Rupesh Naik

Item No. BoS/2025-26/BPT/3: Presentation and deliberation on the proposed 2nd BPT curriculum.

Dr. O. Pavan Kesav presented the Second Year BPT course structure in alignment with the AU 24 Regulations, including details on the academic calendar, credit system, and individual subject outlines. The structure and content of each subject were discussed as follows:

Second Year Course Subjects:

- **Pathology & Microbiology:** The syllabus includes general pathology, inflammation and repair, immunopathology, circulatory disturbances, neoplasia, systemic pathology, basic microbiology, immunology, and infection control. Emphasis was given to clinical relevance for physiotherapy practice.
- **Exercise Therapy:** The syllabus includes principles of exercise, range of motion exercises, stretching, strengthening techniques, posture and gait training, relaxation techniques, and functional re-education. Emphasis was given to clinical application in physiotherapy practice.
- **Biomechanics:** The syllabus includes basic concepts of biomechanics, forces, motion, equilibrium, kinematics and kinetics, structure and function of joints, muscle mechanics, posture, gait analysis, and application of biomechanical principles in physiotherapy. Emphasis was given to clinical relevance in assessment and treatment.
- **Electrotherapy–I (Low & Medium Frequency):** The syllabus includes introduction to electrotherapy, low frequency currents (galvanic, faradic, TENS), medium frequency currents (interferential therapy), their physiological and therapeutic effects, indications, contraindications, and application techniques. Emphasis was given to safe clinical application in physiotherapy practice.
- **Electrotherapy–II (High Frequency):** The syllabus includes high frequency currents such as shortwave diathermy, microwave diathermy, ultrasound therapy, laser therapy, and their physiological and therapeutic effects, indications, contraindications, and application techniques.

RESOLUTION: The Board of Studies (BOS) reviewed and deliberated on the proposed curriculum structure and syllabi for the Second Year Bachelor of Physiotherapy (BPT) program, as presented by Dr. O. Pavan Kesav, in alignment with the Dr.NTR University of Health Sciences (Dr. NTRUHS) curriculum and AU 24 Regulations.

The Board unanimously approved the credit system and the syllabi for all subjects as presented. The Board is also reviewed the syllabus for the Information Technology subject and, after detailed discussion, approved it as submitted.

Dr. P Dwarakanadha Reddy

Dr. K. Madhavi

Dr. O. Pavan Kesav

Dr. P.V. Madhavi

Dr. B. Rupesh Naik

Item No. BoS/2026-27/BPT/3: Presentation and deliberation on the proposed 3rd BPT curriculum.

Dr. O. Pavan Kesav presented the third Year BPT course structure in alignment with the AU 24 Regulations, including details on the academic calendar, credit system, and individual subject outlines. The structure and content of each subject were discussed as follows:

Third Year Course Subjects:

- **General Medicine, Pharmacology & Paediatrics:** The syllabus includes basics of general medicine with emphasis on cardiovascular, respiratory, neurological, and metabolic disorders; fundamental principles of pharmacology including drug classifications, actions, and adverse effects relevant to physiotherapy; and basic concepts of paediatrics with common childhood disorders, developmental milestones, and rehabilitation aspects.
- **General Surgery including Plastic Surgery, Obstetrics &Gynaecology:** The syllabus includes basic principles of surgery, wound healing, burns, amputations, fractures and surgical infections; basics of plastic surgery and reconstructive procedures; and fundamentals of obstetrics and gynaecology including antenatal, intranatal and postnatal care, common gynaecological conditions, and related surgical interventions.
- **Clinical Orthopaedics:** The syllabus includes basic orthopaedic principles, fractures and dislocations, bone and joint disorders, arthritis, soft tissue injuries, spinal conditions, deformities, amputations, and common orthopaedic surgical procedures.
- **Physiotherapy in Orthopaedic Conditions:** The syllabus includes assessment and physiotherapy management of fractures, dislocations, arthritis, soft tissue injuries, spinal conditions, post-operative orthopaedic conditions, deformities, and amputations. It also covers rehabilitation principles, exercise therapy protocols, and functional restoration techniques. Emphasis was given to evidence-based clinical application in orthopaedic rehabilitation.
- **Clinical Neurology:** The syllabus includes basic neuroanatomy and neurophysiology, neurological examination, upper and lower motor neuron lesions, stroke, cerebral palsy, spinal cord injuries, peripheral nerve disorders, movement disorders, and common neurological conditions.

Dr. P Dwarakanadha Reddy

Dr. K. Madhavi

Dr. O. Pavan Kesav

Dr. P.V. Madhavi

Dr. B. Rupesh Naik

- **Physiotherapy in Neurology Conditions:** The syllabus includes physiotherapy assessment and management of stroke, spinal cord injury, peripheral nerve injuries, cerebral palsy, Parkinson's disease, and other neurological disorders. It also covers neurodevelopmental techniques, balance and coordination training, functional re-education, and rehabilitation principles. Emphasis was given to clinical application in neurological rehabilitation.

RESOLUTION: The Board of Studies (BOS) reviewed and deliberated on the proposed curriculum structure and syllabi for the Third Year Bachelor of Physiotherapy (BPT) program, as presented by Dr. O. Pavan Kesav, in alignment with the Dr.NTR University of Health Sciences (Dr. NTRUHS) curriculum and AU 24 Regulations.

The Board unanimously approved the credit system and the syllabi for all subjects as presented. The Board is also reviewed the syllabus for the Information Technology subject and, after detailed discussion, approved it as submitted.

COLLEGE OF ALLIED HEALTH SCIENCES

Item No. BoS/2025-26/BPT/4: Suggestions from experts:

Dr. K. Madhavi suggested to conduct separate internal examinations for General Medicine, Paediatrics & Pharmacology, General Surgery, and Gynaecology & Obstetrics in the III Year for the 2024–2025 batch.

It was suggested to follow credit system as per NCAHP for 2024-2025 batch.

It was suggested that the analysis of internal examination results and university examination results should be carried out periodically, discussed in academic meetings, and appropriate measures should be taken to address the identified issues and improve student performance.It was suggested the constitution of an Internal Quality Assurance Cell (IQAC) for the Physiotherapy program to enhance and sustain the quality of education.

Dr. P.V. Madhavi suggested to follow credit system as per NCAHP for 1st, 2nd & 3rd years of 2024-2025 batch.

Dr. B. Rupesh Naik suggested to continue clinical postings in Multi speciality hospitals from the II Year onwards to enhance practical exposure and clinical learning for students.

RESOLUTION:

After due consideration, the Board resolved to incorporate the expert suggestions to implement separate internal examinations, periodically review examination results for improvement, continue clinical postings in multispecialty hospitals from the II Year onwards utilizing existing MOUs with hospitals and to initiate the constitution of an IQAC for the Physiotherapy program. The resolution was adopted unanimously.

1. To provide students with a strong foundation in the basic medical sciences such as anatomy, physiology, and biochemistry relevant to physiotherapy practice.
2. To develop an understanding of the fundamental principles and scope of physiotherapy as a healthcare profession.
3. To introduce students to the basics of patient care, communication skills, and professional ethics necessary for effective healthcare delivery.
4. To prepare students for advanced physiotherapy concepts and clinical practices in subsequent years.

***RESOLUTION*:** After detailed deliberations, the members reviewed and unanimously approved the Vision, Mission, and Objectives of the BPT program.

Dr. P Dwarakanadha Reddy

Dr. K. Madhavi

Dr. O. Pavan Kesav

Dr. P.V. Madhavi

Dr. B. Rupesh Naik

Item No BoS/2026-27/BPT/3: Presentation and Deiiberation on the proposed 1st Year BPT curriculum Presentation and deliberation on the proposed 1st Year BPT curriculum.

Dr. O. Pavan Kesav presented the First Year BPT course structure in alignment with the AU 26 Regulations, including details on the credit system, and individual subject outlines. The structure and content of each subject were discussed as follows:

- **Human Anatomy:** The syllabus includes general introduction to anatomy, cells and tissues, skeletal system, joints, muscles, nervous system, cardiovascular system, respiratory system, digestive system, urinary system, and basic regional anatomy with emphasis on upper limb, lower limb, trunk, and head & neck.
- **Human Physiology:** The syllabus includes general physiology of cells and tissues, blood and body fluids, cardiovascular, respiratory, nervous, musculoskeletal, endocrine, renal, and gastrointestinal systems. It also covers basic concepts of exercise physiology and homeostasis.
- **Biochemistry**: The syllabus includes basics of biomolecules such as carbohydrates, proteins, lipids, and nucleic acids; enzymes and metabolism; vitamins and minerals; energy production and utilization; and basic concepts of acid-base balance and nutrition.
- **Fundamentals of Exercise Modalities:** The syllabus includes principles of therapeutic exercise, types of exercise (ROM, stretching, strengthening, endurance and coordination training), posture and gait training, functional training, relaxation techniques, and basic rehabilitation principles.
- **Fundamentals of Electro Physical Agents:** The syllabus includes introduction to electrotherapy, basic principles of electrical currents, low, medium and high frequency modalities, thermal and non-thermal agents, therapeutic ultrasound, laser therapy, and principles of application, indications, and contraindications.
- **Psychology & Sociology:** The syllabus includes basic concepts of psychology, human behaviour, learning, motivation, emotions, and personality; and sociology including social structure, family, community, culture, health care system, and patient–therapist relationship. Emphasis was given to understanding psychosocial factors in patient care and rehabilitation.

Dr. P Dwarakanadha Reddy

Dr. K. Madhavi

Dr. O. Pavan Kesav

Dr. P.V. Madhavi

Dr. B. Rupesh Naik

- **Fundamentals of Healthcare delivery System in India:** The syllabus includes introduction to the Indian healthcare system, concepts of health and healthcare, determinants of health, three-tier healthcare delivery system, primary healthcare and community health services, national health programs, health administration and policies, government health schemes, role of physiotherapy in healthcare delivery, and challenges in the Indian healthcare system.
- **English:**
  The syllabus includes communication skills in English, basic grammar and vocabulary, reading comprehension, writing skills including reports and essays, professional writing in healthcare settings, medical terminology in English, verbal and non-verbal communication, presentation skills, and development of effective communication for clinical and patient interaction in healthcare practice.
- **Information Technology:** The syllabus includes fundamentals of information technology, basic computer systems, operating systems, MS Office applications, internet and email usage, basics of digital health systems, electronic health records, telemedicine, data management in healthcare, cyber safety and security, and application of information technology in healthcare and clinical practice.
- **Clinic Orientation:** The objective of this is to orient students to the clinical environment and healthcare delivery system, providing basic knowledge of patient care and professional practice. Teaching methods include demonstrations, group discussions, and clinical exposure. Students will visit hospital departments to understand healthcare services and interdisciplinary teamwork. Orientation to physiotherapy department, basic procedures, communication, and infection control practices will be included.

RESOLUTION: The Board of Studies (BOS) reviewed and deliberated on the proposed curriculum structure and syllabi for the First Year Bachelor of Physiotherapy (BPT) program, as presented by Dr. O. Pavan Kesav, in alignment with the National Commission for Allied and Health Care Professionals (NCAHP) curriculum and AU 26 Regulations.

The Board unanimously approved the credit system and the syllabi for all subjects as presented. The Board is also reviewed the syllabus for the Information Technology subject and, after detailed discussion, approved it as submitted.

Dr. P Dwarakanadha Reddy

Dr. K. Madhavi

Dr. O. Pavan Kesav

Dr. P.V. Madhavi

Dr. B. Rupesh Naik

Item No BoS/2025-26/BPT/4: Suggestions from experts.

Suggestions from experts:

Dr. K. Madhavi recommended that the credit hour calculation be revised in accordance with the guidelines prescribed by the National Commission for Allied and Healthcare Professions (NCAHP), and that the revised credit structure be implemented from the academic batch 2026–2027.

It was further suggested that the norms and guidelines prescribed by NCAHP should be strictly adhered to in the implementation of the curriculum and academic regulations.

Dr. P. V. Madhavi suggested that the credit system and the pattern of the question paper should be aligned with the guidelines prescribed by NCAHP.

Dr. B. Rupesh Naik also emphasized that the credit system should be implemented as per the norms of NCAHP.

RESOLUTION:

After due consideration, the Board resolved to incorporate the expert suggestions into the curriculum planning and institutional development initiatives. The resolution was adopted unanimously.

Item No BoS/2025-26/BPT/5: Any other matter with the permission of the Chair

Any Other Matter with the Permission of the Chair

There being no other matters for discussion, the meeting concluded with a vote of thanks proposed by the Officer In-Charge and Chairman, who expressed sincere appreciation to all the members for their valuable contributions and insightful deliberations.
