Dean – Innovation & Incubation Center

Annamacharya University, Rajampet – Innovation & Incubation Center

Name	Dr. N. Sivarami Reddy
Designation	Professor
R & D Designation	Dean – Innovation & Incubation Center
Department	Mechanical Engineering
School/College	School of Engineering, Annamacharya University

Dr. N. Sivarami Reddy completed his B.E. (Mech. Engg.) from Andhra University, Andhra Pradesh, India in 1989. He completed his M.Tech. (Adv. Mfg. Engg.) at Karnataka Regional Engineering College, Surathkal, Karnataka (now known as National Institute of Technology Karnataka, Surathkal) in 1992. He completed his Ph.D. at Jawaharlal Nehru Technological University Anantapur, Ananthapuramu, India in 2019 on the topic “Nature inspired algorithms and their applications in scheduling of flexible manufacturing systems with constraints on tools, transfer times and AGVs”.

He has presented papers in six international conferences and published around 30 papers in reputed national and international journals. His areas of interest include flexible manufacturing systems, scheduling, and soft computing. He previously worked as a lecturer at Kavikulguru Institute of Technology and Science, Ramtek, Nagpur, India. Presently, he is working as Professor of Mechanical Engineering and Dean – R&D at Annamacharya University, Rajampet, Andhra Pradesh, India. He was invited as a distinguished speaker at the 4th Global Summit on Future of Materials Science and Research (Future Materials 2022) in Las Vegas, USA, and at the Mechanical & Automotive Research Conference (MechResCon 2023) in Rome, Italy.
