ANNAMACHARYA UNIVERSITY

(ESTD UNDER AP PRIVATE UNIVERSITIES (ESTABLISHMENT AND REGULATION) ACT, 2016)
(UNIVERSITY LISTED IN UGC AS PER THE SECTION 2(f) OF THE UGC ACT, 1956)
RAJAMPET, Kadapa District, AP – 516126, INDIA

DEPARTMENT OF COMPUTER SCIENCE AND ENGINEERING (DATA SCIENCE)

Date: 01/05/2026

CIRCULAR

All students of **II B.Tech (2024 Batch)** are hereby informed that registration for an **Offline Internship of 8 weeks duration is compulsory** for every student.

Students must identify a suitable company or organization and register for an internship relevant to their branch of study. The internship must be completed through physical participation at the respective organization for a minimum duration of **8 weeks**.

Students are instructed to submit the internship registration details, including the company name, internship title, and duration, to their respective faculty mentors.

The last date for submission of offline internship registration details is 12/05/2026.

All students must complete the registration process and submit the required details on or before the deadline without fail.

College Name: Annamacharya University, Rajampet
Roll No: 24AFCSD156
Domain Name: Data & Business Intelligence Analyst

Subject: Offer Letter - Short Term Skill Internship Program – 2026

Dear Adini Susmitha,

We are pleased to offer you the opportunity to join the **Blackbucks Skill Internship – 2026** conducted by **Blackbucks Education Pvt. Ltd.**, in the domain of Data & Business Intelligence Analyst.

The internship will be conducted in offline mode based on company requirements.During the internship, you will gain practical exposure, industry-oriented learning, and valuable technical skills relevant to Data & Business Intelligence Analyst. We are confident that this experience will support your professional growth and enhance your career opportunities.

We look forward to your participation and wish you a successful internship experience with Blackbucks Education Pvt. Ltd.

For any queries or further assistance, please feel free to contact us at skillcourses@blackbucks.me.

Best regards,

Internship Letter

Date: 16/05/2026

Dear Mr/Ms. Ameena Begum

College ID Number: 24AFCSD003
Branch: Computer Science and Engineering (Data Science)
College Name: Annamacharya University, Rajampet.

AICTE Internship ID: INTERNSHIP_177736518969f070c55c10e

We are pleased to inform you that you have been shortlisted for the **Short -Term Internship Program** conducted by **Technotran Solutions** in the domain of **Artificial Intelligence & Machine Learning,** commencing from **19th May 2026**.

Internship Overview:

This internship is designed to provide students with strong foundational and practical knowledge in Artificial Intelligence and Machine Learning concepts using Python programming. This internship focuses on building analytical thinking, problem-solving skills, and real-world application understanding.

Internship Outcomes:

During the internship, students will:

- Learn Python programming essentials required for AI & ML applications
- Understand core concepts of **Artificial Intelligence** and **Machine Learning**
- Work with data preprocessing, analysis, and visualization techniques
- Explore supervised and unsupervised learning algorithms
- Implement machine learning models using popular Python libraries such as NumPy, Pandas, Matplotlib, and Scikit-learn
- Gain hands-on experience through practical exercises, mini-projects, and case studies
- Understand the basics of model training, testing, and performance evaluation

This letter serves as an official confirmation of your Participation in the Internship Program. A Certificate of Completion will be awarded upon successful completion of all required activities.

We wish you the very best as you embark on this exciting learning with us!

This internship is designed to provide students with strong foundational and practical knowledge in Artificial Intelligence and Machine Learning concepts using Python programming. This internship focuses on building analytical thinking, problem-solving skills, and real-world application understanding.

Internship Outcomes:

During the internship, students will:

- Learn Python programming essentials required for AI & ML applications
- Understand core concepts of **Artificial Intelligence** and **Machine Learning**
- Work with data preprocessing, analysis, and visualization techniques
- Explore supervised and unsupervised learning algorithms
- Implement machine learning models using popular Python libraries such as NumPy, Pandas, Matplotlib, and Scikit-learn
- Gain hands-on experience through practical exercises, mini-projects, and case studies
- Understand the basics of model training, testing, and performance evaluation

This letter serves as an official confirmation of your Participation in the Internship Program. A Certificate of Completion will be awarded upon successful completion of all required activities.

We wish you the very best as you embark on this exciting learning with us!

Domain Name: AI Machine Learning Engineer

Subject: Offer Letter - Short Term Skill Internship Program – 2026

Dear Bandala Mamunny,

We are pleased to offer you the opportunity to join the **Blackbucks Skill Internship – 2026** conducted by **Blackbucks Education Pvt. Ltd.**, in the domain of AI Machine Learning Engineer.

The internship will be conducted in offline mode based on company requirements.During the internship, you will gain practical exposure, industry-oriented learning, and valuable technical skills relevant to AI Machine Learning Engineer. We are confident that this experience will support your professional growth and enhance your career opportunities.

We look forward to your participation and wish you a successful internship experience with Blackbucks Education Pvt. Ltd.

For any queries or further assistance, please feel free to contact us at skillcourses@blackbucks.me.

Best regards,

Title: Offline Internship

STUDENT FEEDBACK REPORT

The II B. Tech II Semester Computer Science and Engineering (Data Science) student group comprises 181 students who completed the Offline Internship.

The following table shows an illustrative distribution of feedback responses. Counts vary by question, and each row totals the stated group strength. Replace these illustrative figures with actual survey results before official submission.

Question No.	Excellent	Very Good	Good	Satisfactory	Not Up to the Mark
Q1	120	45	12	4	0
Q2	117	48	12	4	0
Q3	114	51	12	4	0
Q4	125	44	9	3	0
Q5	128	42	9	2	0
Q6	120	49	10	2	0
Q7	123	46	10	2	0
Q8	116	53	10	2	0
Q9	122	47	10	2	0
Q10	130	41	9	1	0

Summary of Feedback

- The illustrative figures show generally positive responses, with most ratings in the Excellent and Very Good categories.
- Feedback can be reviewed to assess practical learning, guidance, and the relevance of internship activities.
- The final report should reflect the actual responses collected from students.

Action Taken

- The department will review student feedback and communicate relevant suggestions to the internship coordinators.
- Suggestions will be considered while planning future offline internship activities.

Concluding Remarks: Student feedback will support continuous improvement of offline internship activities and practical learning opportunities.
