AUTHORS

Dr.J.Krishna
Shravan Kumar Reddy Gunda
Dr. Geetha.K
Mohammed Imran Ahmed
Dr. Amolkumar N. Jadhav
Ghousia Sultana

ABOUT THE AUTHORS

Dr. J. Krishna working as an Associate Professor, Department of Artificial Intelligence and Machine Learning at Annamacharya University, Rajampet, Andhra Pradesh, India He received his Ph.D degree from Rayalaseema University, Kurnool in the year 2019. In 2007, received his M.E (CSE) degree from Sathayabama University, Chennai. He has published many research papers in International/ National journals and proceedings of various International Conferences. He has 18 years of teaching experience. He has one patent in IoT and Research interest includes Data Mining, Bigdata Analytics and Machine Learning.

Shravan Gunda is a visionary technology leader and Chief Executive Officer of DTarform, where he delivers innovative IT solutions for the oil and gas, finance, technology, and healthcare sectors since 2023. With a Master's in Electrical Engineering from Northwestern Polytechnic University (2015), Shravan's career spans leadership roles, including Vice President at QRI (2020–2021), Director of Global IT Operations (2017–2020), Senior Manager at Fannie Mae (2021–2023), and positions at Hewlett Packard Enterprise and Legrand India. His expertise encompasses front-end development (Angular, React, JavaScript), backend systems (Node.js, Python), and cloud-native architectures (AWS, Kubernetes, CI/CD). A pioneer in generative AI and data science, Shravan holds certifications including PMP, AWS Certified Solutions Architect (Associate and Professional), Scrum Master, MIT Sloan Digital Marketing Analytics, Coursera Python, IP Addressing and Subnetting, and RPA from Automation Anywhere. As a key driver behind KaArVi, Shravan advances a platform revolutionizing data management through integrated Data Sets, Delta Lake, Data Profiling, Data Engineering, and MLflow, empowering enterprises with scalable, compliant data solutions. An advocate for sustainable living, he promotes renewable energy and recycling. Outside work, Shravan enjoys gaming and action cinema. Through this book, he shares insights to inspire innovation in technology and leadership.

Dr. Geetha. K B.E (CSE),M.E (Multimedia Technology), Ph.D(I&C), currently working in SRM Institute of Science and Technology, Kattankulathur. She has a B. E (Computer Science and Engineering) from Madras University, and M.E (Multimedia Technology) from College of Engineering, Anna University. She received her Ph.D in Information and Communication Engineering from College of Engineering Guindy Campus, Anna University. Her research work includes Spatial Data mining and Query processing. She has 5 Indian Patent Publications in the research field of expertise. She has co-authored and published one book names as "Big Data Analytics". She has specialized in Machine Learning and Big Data Analytics and has published several papers in National and International Journals and conferences that are indexed in UGC, Scopus, WOs, SCI, IEEE, Springer and IGI Global. She has more than 18 years of active teaching and research experience in various engineering Institutions

Mohammed Imran Ahmed, a researcher and practitioner in the field of Data Science and Artificial Intelligence. With hands-on experience working in real-world data science environments, He's applied machine learning, data analysis, and AI techniques to solve practical problems and uncover meaningful insights. He recently completed my Master's in Data Science and AI from Campbellsville University, where he deepened his understanding of advanced analytics, model development, and responsible AI. His work bridges the gap between theory and application—whether it's building predictive models, working with messy datasets, or tackling challenges in automation and decision-making. He is especially interested in ethical AI, data-driven innovation, and exploring how intelligent systems can enhance human potential. He is always eager to collaborate, learn new tools and technologies, and contribute to impactful projects in the data and AI space.

Dr. Amolkumar N. Jadhav is a seasoned academic and researcher with over 17 years of experience in engineering education. He currently serves as an Associate Professor in the Department of Computer Science and Engineering at D. Y. Patil College of Engineering & Technology (DYPCET), Kolhapur, India. Dr. Jadhav earned his Ph.D. in Computer Science and Engineering from the Vel Tech Rangarajan Dr. Sakunthala R&D Institute of Science and Technology, Chennai, Post Doctorate in CSE from the Srinivas University, Mangalore. His doctoral work focused on Data Mining, Big Data, Optimization Techniques and Artificial Intelligence.
With expertise in Data Mining, Big Data, Optimization Techniques and Artificial Intelligence, he has authored over 42 research papers published in reputed international journals and conferences like Scopus, Web of Science, SCI, IEEE, Springer etc.

Ghousia Sultana is a data analyst with a strong foundation in data analytics, engineering, and business intelligence. She began her career as an HR Process Analyst, later transitioned into IT, and now works as a Data Analyst, leveraging tools like Python, SQL, Power BI, Azure, and Databricks to build scalable data pipelines and drive insights. She holds a Master's in Business Analytics and brings a deep interest in the intersection of AI and data. Currently, she is conducting research and writing on how data infrastructure, analytics, and machine learning come together to enable real-world AI solutions. Her work reflects a blend of hands-on technical expertise and a forward-looking perspective on the future of intelligent systems

Foundations of Data Science

Dr. K SivaRamaKrishna, B.Tech., M.Tech., Ph.D is currently working as a H.O.D. & Associate Professor, CSE(Data Science), Andhra Loyola Institute of Engineering and Technology, Vijayawada. His research interests span the realm of Cloud Computing and Data Analysis. He has a teaching experience of 18 years. He has contributed significantly to academia, with publications in 6 Scopus Indexed Journals, as well as presentations at 2 International Conferences.

Dr. N. Bharathi is a dedicated academician currently serving as a faculty member in the Department of Statistics at Andhra Loyola College, Vijayawada, Andhra Pradesh. She completed her B.A. (Mathematics, Economics, Statistics – Double Mathematics) in 1999, followed by an M. Sc. in Statistics in 2001, with a specialization in Quality, Reliability, and Operations Research. In 2024, she was awarded a Doctorate by Acharya Nagarjuna University for her research on "Some Contributions to Different Estimation Methods of Novel Exponent Power Rayleigh Distribution." With 24 years of teaching experience, Dr. Bharathi has held several prominent academic positions. She served as the Head of the Department of Statistics at Sri Durga Malleswara Siddhartha Mahila Kalasala (SDMSMK) for 7 years, spent a year as a lecturer in Statistics at Koneru Lakshmaiah University (KLU), and since 2008, has been working as an Assistant Professor in Statistics, Head of the Department of MBA, and Vice Principal of the PG Wing at Andhra Loyola College. Her areas of interest include Operations Research, Sampling, Statistical Inference, Statistical Quality Control, Research Methodology, and Business Analytics. She has also contributed to academic literature with three publications in UGC CARE-listed journals.

Dr. Rajesh Kumar Verma is currently serving as a Professor in the Department of Computer Science and Engineering at CMR Engineering College, Hyderabad. He has 30 years of industry experience and worked in reputed firms like InterGraph (India), Tata Consultancy Services (TCS), Infosys and Codebees, Hyderabad. He has also worked as a Professor of Practice (PoP) at VNR VJIET, Hyderabad for 1 year. He pursued his B.Tech (CSE) from NERIST, Itanagar, Arunachal Pradesh in 1992, M. Tech. (AI & Robotics) from University of Hyderabad in 1994 and Ph.D. (CSE) from BPUT (Biju Patnaik University of Technology, Odisha) in 2022. As a resource person, he delivered several lectures at VNR VJIET, University of Hyderabad, CMR - Hyderabad, PVP Siddhartha college - Vijayawada, Potti Srimalu - Vijayawada, GITAM and Gayatri Vidya Parishad - Vishakapatnam, C V Raman - Bhubaneswar, Techo College - Agartala and SVCE - Tirupati - India, etc. His research areas include Artificial Intelligence, Big Data, Cloud and Data Science.

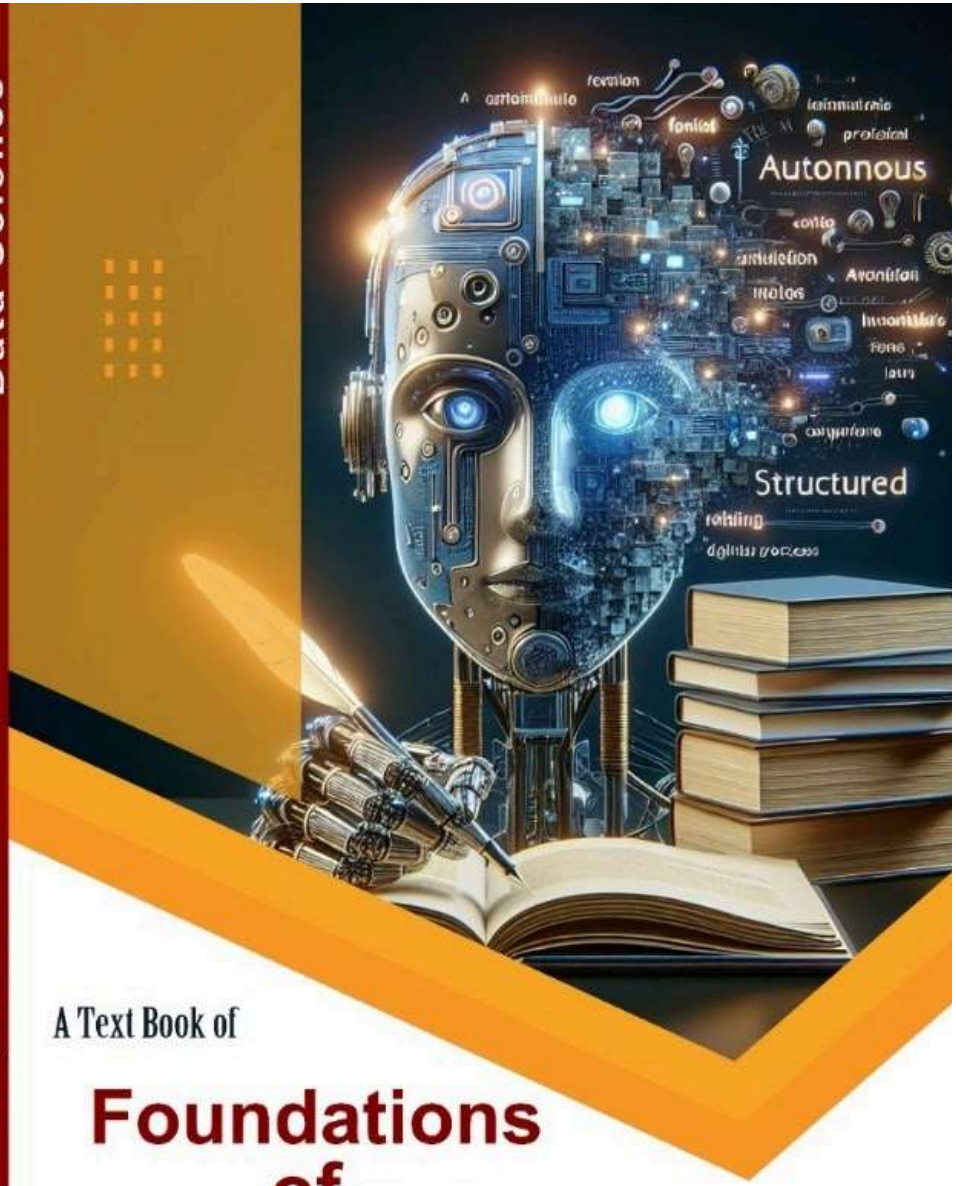

Dr. J. Krishna working as an Associate Professor, Department of Artificial Intelligence and Machine Learning at Annamacharya University, Rajampet, Andhra Pradesh, India - 516 126. He received his Ph.D degree from Rayalaseema University, Kurnool in the year 2019. In 2007, received his M.E (CSE) degree from Sathyabama University, Chennai. He has published many research papers in International/ National journals and proceedings of various International Conferences. He has 19 years of teaching experience. He has supervised 06 Ph.D. candidates are registered. He has one patent in IoT and Research interest includes Data Mining, Big-Data Analytics and Machine Learning.

Author's Details

Dr. Venkata Kiran Kumar Ravi is young individual who holds a doctoral degree in Mechanical Engineering and has significant academic and administrative experience in Engineering Colleges. He currently serves as academician in Department of Mechanical Engineering at Siddhartha Academy of Higher Education (Deemed to be University) Vijayawada Andhra Pradesh. His research areas include Finite Element Analysis, Composite Materials, Mechanical Vibrations, Fracture Mechanics, Data Science, Artificial Intelligence, Machine Learning, Deep Learning and Natural Language Processing. He is having certifications related to CAD/CAM , Data Science, Machine Learning, Deep Learning, NLP, Computer Vision, Generative AI from reputed institutes. He published articles and patents in various national and international journals and conferences.

Dr. C. V. Lakshmi Narayana, Assistant Professor at Annamacharya University, has over 20 years of expertise in teaching, research, and industry-oriented training in Computer Science and Engineering. He holds a Ph.D. from J. S. University, Shikohabad, an M.Tech from JNTU Anantapuramu, and a B.Tech from JNTU Hyderabad. An expert in Java, Python, C, and Data Structures, he is a Wipro & Virtusa Certified Java Full Stack Trainer and a Hacker Rank 5★ Practitioner. His research interests include Machine Learning, Deep Learning, Artificial Intelligence, and emerging technologies, with notable contributions through publications in reputed journals, academic project guidance, and student mentoring. He actively participates in conferences, workshops, and industry collaborations, consistently bridging the gap between academia and industry while fostering innovation and problem-solving skills among students.

Amit Joshi is a technology executive and academic working at the intersection of AI, Big Data, and digital transformation. He serves as CEO & CTO of ACME UNIVERSE and lectures in the IT Department at ISMA University in Riga, Latvia. His doctoral research in Business Management examines data-driven practices and AI adoption shape performance and governance in IT companies. Over the past decade, he has led product and engineering teams delivering secure, scalable software across Android, iOS, and web API platforms. Amit holds an MBA in Innovations & Entrepreneurship, is a Certified Scrum Master with PMI training, and contributes to European innovation projects that connect universities with industry. He teaches Programming for Data Science, Algorithms and Data Structures, and Information Protection & Cryptography, bringing research-led, hands-on learning to the classroom. He has also served as an associate editor for the peer-reviewed volume Modern Technology and Psychology Research in Education.

Mrs. Chethana T.V currently serves as Assistant Professor in the Department of Artificial Intelligence & Machine Learning at Bangalore Technological Institute. Her academic journey includes impactful roles and leadership at the IIoT Center of Excellence, in collaboration with Quest Global. She is an accomplished educator, researcher, and innovator with over a decade of experience in Engineering and Emerging Technologies. She is Gold Medalist in M.Tech (PDM). Her expertise spans Industrial IoT, machine learning, cloud-edge systems, robotics, and product design. She has taught a wide range of subjects, mentored aspiring engineers, and contributed to National and International conferences. Recognized with awards such as the NPTEL Star Award also Domain Scholar award by IIT Madras, Chethana continues to pursue excellence through hands-on learning, interdisciplinary research, and elite certifications.

D. Sindhujah

Dr. Swarna Surekha

Rambabu Kambhampati

Vinoth Rajkumar G

D. Sindhujah is currently pursuing her Ph.D. in Computer Applications from Dr. M.G.R. Educational and Research Institute, Tamil Nadu, India. She is working as Assistant Professor in the Department of Computer Science, Anna Adarsh College for Women (Autonomous), Chennai, India. She has more than five years of teaching experience, handling various papers in undergraduate. She received a gold medal in BCA for scoring top ranking women of the college. She received the Best Assistant Professor Award as part of the WEA Mahatma Gandhi & World Teachers' Day Iconic Award 2023.. She presented various articles and papers in the reputed journals.

Dr.Swarna Surekha is a dedicated academic and accomplished researcher currently serving as an Assistant Professor in the Department of Artificial Intelligence and Machine Learning, Annamacharya University, Rajampet, Andhra Pradesh, India. With a strong foundation in computer science and Engineering, Dr. Swarna Surekha earned a Ph.D. in Computer Science and Engineering completed in 2024. She holds M.Tech. in Computer Science and Engineering, completed in 2012, and bring a blend of industry and academic expertise to their role.Dr. Swarna Surekha has a prolific research portfolio, having published various research papers, including Scopus-Indexed paper. She has participated in AICTE, and university sponsored FDP & workshops both National and International. Their innovative mindset is evident in their utility patents which serves as a valuable resource for students and practitioners alike.With extensive experience in teaching, academic and research, she is committed to fostering an engaging learning environment and mentoring the next generation of computer science professionals. Their prior experience as a Programmer Analyst in the IT industry further enriches their teaching, bridging the gap between theoretical concepts and practical applications.Dr. Swarna Surekha continues to contribute significantly to the field of Artificial Intelligence and Machine Learning and also in Computer Science and Engineering through research, innovation, and education, inspiring students and peers with their dedication and expertise

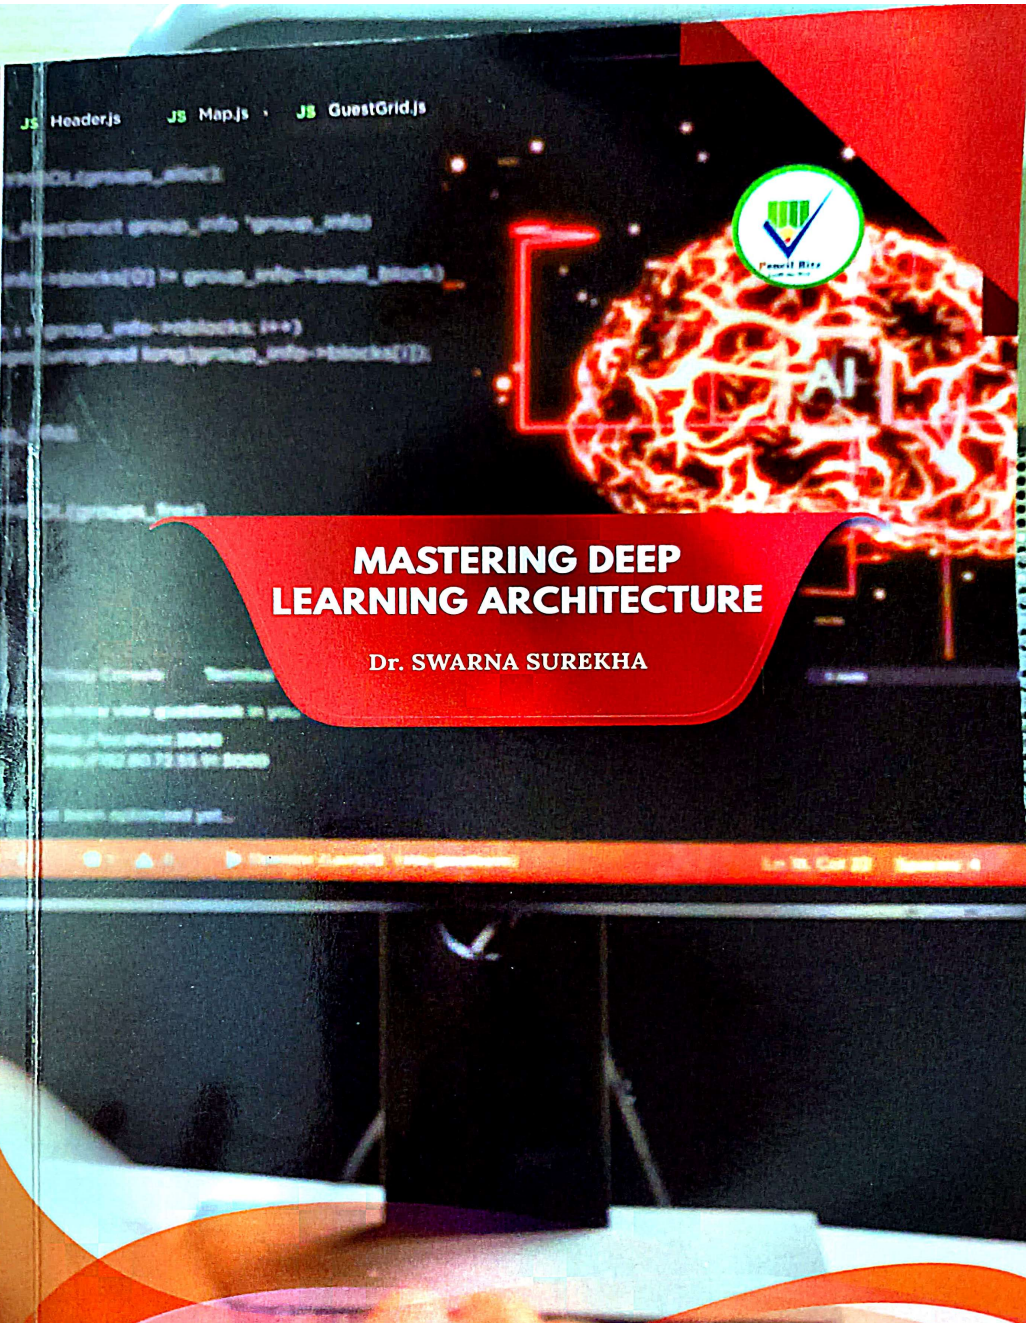

Rambabu Kambhampati working as an assistant professor in Elecronics and Communication Engineering(ECE) of Nalla Narasimha Reddy Education Society's Group of Institutions-Integrated Campus ,Hyderabad .And Part time Research Scholor(Ph.D) in HITS Chennai.He received his M.Tech in 2012, Research areas are IoT and Machine Learning, interested area Deep Learning,Expertize in Embedded Systems and IoT,Machine Learning.Total Teaching Experience is 13 years.

Vinoth Rajkumar G is currently Assistant Professor in Department of Electronics and Communication Engineering, J.P. College of Engineering, Ayikudi, Tenkasi, Tamilnadu.He has more than 14 years of teaching experience.He has presented papers in various conferences and published papers in leading journals. His areas of interests includes Communication Systems, Advanced Digital Signal Processing, Satellite Communication, Computer Networks, Wireless Communication, Wireless Networks, Computer Vision, Embedded Systems and IoT Design.

Dr. Payel Sengupta holds both M.Tech and Ph.D. degrees in Computer Science and Engineering. She has developed a strong academic and research background in the field of computer science, with expertise spanning advanced computing concepts, programming, and emerging technologies. Currently, she is serving as an Assistant Professor in the Department of Computer Science and Engineering at Brainware University kolkata, west Bengal.

Dr. V. Shanthi serves as Principal at Meenakshi Academy of Higher Education and Research, Chennai, with over 33 years of experience in higher education. Her expertise spans teaching, research, and institutional administration. Holding a Ph.D., in Computer Science, she specializes in Artificial Intelligence, Data Mining, Artificial Neural Networks, and Management Information Systems. She has fostered research excellence with 10 patents, 37 Scopus-indexed publications, 5 book chapters. She has guided 18 successful Ph.D. scholars in the field of Computer Science and Management. She's actively participated in national and international conferences, seminars, workshops and serves a member in the Board of Studies in various colleges. She has attended over 20 Faculty Development Programs, workshops and short-term courses.

Dr. N. Thinaharanis currently working as Assistant Professor in the Department of Computer Science, Thanthai Hans Roever College (Autonomous), Elambalur, Perambalur. He has 24 Years of Teaching Experience. Published Book Chapters, Journals Published Scopus, Web of Science and UGC CARE, Paper Presented in International and National Conference, Papers Presented in Seminars, Attended many Faculty Development Programs, Workshops and Webinars. Acted as Resource Persons in many Colleges, Reviewer and Editorials Member in some Peer Reviewed Journals.

IOT FOR A CONNECTED WORLD: TECHNOLOGIES, SECURITY AND CHALLENGES

Dr. Swarna Surekha
Mr. Mutharasu S
Mr. Nendragamti Pavan Kumar
Dr.J. Rajalakshmi

Dr. Swarna Surekha is a dedicated academic and accomplished researcher currently serving as an Assistant Professor in the Department of Artificial Intelligence and Machine Learning, Annamacharya University, Rajampet, Andhra Pradesh, India. With a strong foundation in computer science and Engineering, Dr. Swarna Surekha earned a Ph.D. in Computer Science and Engineering completed in 2024. She holds M.Tech. in Computer Science and Engineering, completed in 2012, and brings a blend of industry and academic expertise to their role. Dr. Swarna Surekha has a prolific research portfolio, having published various research papers, including Scopus-indexed papers and also two books published. She has participated in AICTE and university sponsored FDP & workshops both National and International. Their innovative mindset is evident in their utility patents which serves as a valuable resource for students and practitioners alike. With extensive experience in teaching, academic and research, she is committed to fostering an engaging learning environment and mentoring the next generation of computer science professionals. Their prior experience as a Programmer Analyst in the IT industry further enriches their teaching, bridging the gap between theoretical concepts and practical applications. Dr. Swarna Surekha continues to contribute significantly to the field of Artificial Intelligence and Machine Learning and also in Computer Science and Engineering through research, innovation, and education, inspiring students and peers with their dedication and expertise.

Mr. Mutharasu S is currently working as an Assistant Professor in the Department of Electrical and Electronics Engineering in Vivekanandha College of Engineering for Women (Autonomous), Tiruchengode, Namakkal District, TamilNadu, India. He completed Bachelor of Engineering in Velalar College of Engineering and Technology, Erode TamilNadu, India. He completed Bachelor of Engineering in Velalar College of Engineering and Technology, Erode and Master of Engineering in KSR College of Engineering. He currently pursuing his Ph.D. in the area of economic dispatch from Anna University, Chennai, TamilNadu, India. He has a 13 years of teaching and academic experience. His research area includes power converters for high power applications, Renewable Energy Sources, Internet of Things.

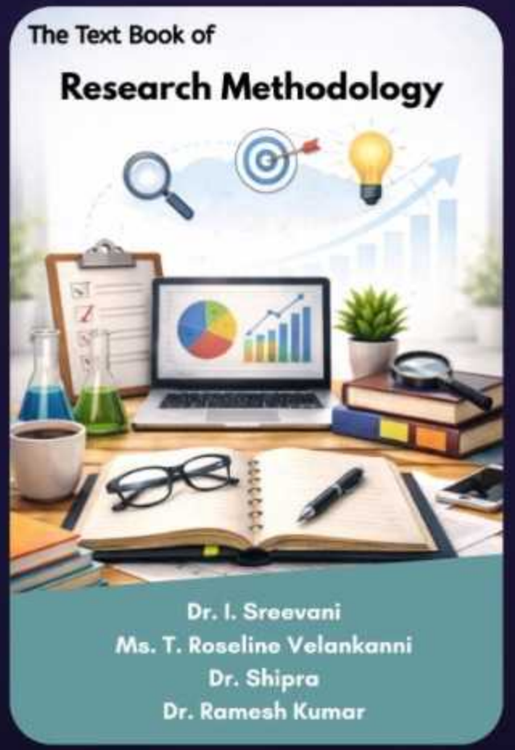

Mr. Nendragamti Pavan Kumar, B.E., M.E., (Ph.D), is an accomplished academician with over 12.5 years of experience in Electrical and Electronics Engineering. He currently serves as Director Centre of Excellence (COE) certifications& alumni affairs at Sanskrithi School of Engineering, Puttaparthi, Andhra Pradesh. A dedicated educator and researcher, he has published 16 international papers and guided numerous innovative student projects, including internships at IIT Tirupati and MSME idea submissions. He has actively contributed to Autonomous, NAAC, NBA, ISO and AICTE accreditations and serves as the President of the Institution's Innovation Council (IIC). His international exposure includes a Faculty Exchange Program in Vienna, Austria. Certified in CCNA and AWS, he has trained over 1,300 students in emerging technologies. His leadership, technical expertise, and passion for academic excellence continue to inspire students and faculty alike in advancing innovation and research in the field of Electrical and Electronics Engineering.

Dr.J. Rajalakshmi an Associate Professor at Velalar College of Engineering and Technology, specializes in Biomedical Image Processing, Artificial Intelligence, Deep Learning, Biomedical Instrumentation, IoT and Device Development. Holding a Ph.D. in Electronics and Communication, she offers expertise in courses such as Artificial Intelligence, Medical Imaging and Radiological Equipments. Dr. J.Rajalakshmi's research spans various domains from Medical Image Processing using Machine Learning to Image Analysis of Satellite Images. Her publications include papers in prestigious journals and conferences, showcasing a diverse research portfolio. Actively participating in academic events, Dr. J.Rajalakshmi have contributed to conferences like IEEE conferences and workshops on image Analysis. Her involvement in external funded projects has resulted in granted patents and publications, highlighting her innovation thirst & Expertise. Dr. J.Rajalakshmi collaborates with institutions and scholars, contributing to joint publications and projects. She has got Ana University Guide shipand guiding research scholars, furthering academic growth. With a rich academic and professional background, Dr. J.Rajalakshmi stands as a distinguished figure in the fields of Image Processing, Biomedical Instrumentation and Machine Learning
